2015-2018

## ABOUT

I am a hard-working, self-motivated and positive individual with a dedication to design. Throughout my education I have gained a variety of skills becoming a versatile designer, allowing me to work on a range of projects including interior design both residential and commercial, graphics and branding, pop-up and portable design and designing consciously for social issue such as homelessness and food waste. I aspire to design projects that respond to issues in hope of making an impact and positive change for both people and our planet. I believe that people and their well-being is one of the most important aspects to a successful design, which I reflect through my conscious design approach throughout my projects.

## SKILLS

PHOTOSHOP  
AUTO CAD  
REVIT  
INDESIGN  
HAND DRAWING  
RHINO  
SKETCHUP

Other skills include Adobe muse and Adobe Illustrator. I also have experience within a workshop working with wood, metal, laser cutting, 3D printing and a strong ability to create moulds working with resin.

## WORK EXPERIENCE

### Next retail home specialist

*Sales Assistant/Visual Merchandising*  
2012-2016

a strong team member of the home department Next Portsmouth, assisting customers on interior design choices and processing furniture orders. Building show rooms and a key staff member of visual merchandising for the home department.

### A bar Bistro, Old Portsmouth

*Front of House*  
2016-2017

A strong team member working alongside university studies. I designed the menu boards throughout the restaurant and gained an understanding of how restaurant spaces work.

### Focus Design

*Interior Architect*  
2017-Current

I have been working at Focus Design since March 2017, I have been able to continue working throughout my last year of studies allowing me to organise and structure my time appropriately. Gaining experience on working on live projects with clients specialising in commercial spaces and restaurant design. Working in industry allowed me to gain knowledge in professional projects, working alongside clients, full working drawing packages, visual design packages and improving many of my existing skills to a professional standard. It allowed me to work both as part of a team and individually to meet deadlines and produce industry standard work.
